

New Product Release

MT620GR PLB with Return Link Service

4th November 2025

GME is proud to introduce the MT620GR, our most advanced PLB equipped with a range of cutting-edge features. Our first PLB with RLS (Return link service) coupled with a mobile app to enable greater clarity of the PLB operational status. In addition, GNSS (Global Navigation Satellite System) for improved global positioning, a 121.5 MHz homing signal to aid Search and Rescue SAR.

The MT620GR is approved for worldwide COSPAS-SARSAT operation, ensuring reliable distress alerting and Return Link Services globally. With a 7-year battery life and 6-year warranty, the MT620GR offers long-lasting performance and peace of mind.

GME has a longstanding history in the emergency beacon industry, having produced its first EPIRB in 1979. The MT620GR represents the latest innovation in GME's portfolio, delivering advanced safety features and dependable performance for adventurers the world over.
